SOME OF THE PARTNER ORGANIZATIONS **COLLABORATING ON SERVICES AT IFP SITES**

Morristown Medical Center – provided health educators and performed health screenings. NJCEED – offered cancer prevention information. AARP – ran senior safe driving course to help lower insurance rates.

Grow It Green Morristown, America's Grow A Row, and Giving Gardens Project – Wagner Farm Arboretum – all provided fresh produce. Jack & Jill of Morris County – offered cooking and exercise program for client children and families. Junior League of Morristown – ran series of family healthy cooking classes. Rutgers SNAP ED Program – provided nutrition education resources.

St. Hubert's Shelter – provided free pet food during distribution sessions.

Zufall Health Clinic – brought up dental screening van.

Neighbors Helping Neighbors

The Mission of the Interfaith Food Pantry is to:

- food, nutrition education and related resources;
- provide hands on opportunities for neighbors to help neighbors;
- educate the public about the issues of hunger in our area.

Interfaith Food Pantry Serving Morris County Annual Report 2014

MISSION STATEMENT

improve the health and well being of Morris County residents in need by providing access to

What is the Interfaith Food Pantry?

The Interfaith Food Pantry is a non-denominational, non-profit 501 (c) (3) organization helping families make ends meet by supplementing their monthly groceries in times of need. Established in 1994, the Interfaith Food Pantry was formed when a group from four local houses of worship decided to address the growing issue of hunger by consolidating their food assistance programs. The objective was to create a central collection and distribution center in Morristown. Our Federal tax-exempt # is 22-3618468.

What We Do The Interfaith Food Pantry provides groceries to eligible Morris County residents. Groceries are collected from a variety of sources: houses of worship, businesses & schools, community service programs, local groups and organizations, individuals and families.

The Food Pantry purchases food whenever donations run low in order to maintain our goal of providing reliable assistance to the community. We distribute groceries to: senior citizens, low-income working families, recently unemployed workers, and other individuals in crisis. In addition to those who come to the Pantry, groceries are delivered throughout the county to those who are disabled and cannot get to us.

How Does Someone Get Groceries? Groceries are provided to anyone in need from Morris County who has housing and cooking facilities. Individuals set up an appointment with our Intake Counselors where they will fill out an application and are interviewed to help us assess their need. Our pantry is set up as a Client Choice Program, where clients are allowed to select the food they want from the shelves as if they were in a supermarket. The amount they can take is determined by the size of their family. They may continue to use the pantry as long as there is need.

Where Do Our Clients Come From? All are residents of Morris County. In addition to walk-ins, referrals are made from houses of worship, hospitals and schools. Many are sent by community agencies such as the Department of Aging and Disabilities, NJ Battered Women's Shelter, St. Clare's Behavioral Health Center, Cornerstone, Neighborhood House, Homeless Solutions, Inc. and the Mental Health Assoc. of Morris County.

Our clients come from all walks of life. Most are working but their incomes do not keep pace with the cost of living. They are employed as nursing aides, clerical workers, restaurant & retail staff, school employees & day care assistants. In recent months we have seen a large increase in the number of people who have lost their jobs. Others are living on Social Security or Disability. They are grandparents raising their grandchildren and folks living with chronic illness. **They are our neighbors.**

What Else Do We Do? As we determine what other needs families may have, we give them referral information to resources that provide assistance, such as eyeglasses, day care scholarships, furniture, clothing, etc. Nutrition and making good food choices is the basis for our "Healthy Choices Program" which includes food demos for clients and volunteers and family cooking classes teaching all how to make healthy low cost meals. Screenings for health issues such as diabetes, hypertension and dental problems are provided by partners from Morristown Medical Center and the Zufall Clinic. Our nutrition educator provides information and counseling to help families understand the link between food and health. She also assists us in securing and offering the most nutritious food possible.

The Pantry also tries to make holidays a little brighter for those in need. We provide **Thanksgiving food baskets and turkeys and December holiday baskets.**

The Food Pantry accepts donations from a variety of local sources that want to help those in need. If we cannot use the items offered we try to match donors with groups who are looking for particular donations. We also stock an emergency food closet located at the Morristown site of the County Office of Temporary Assistance. Finally, we help meet the emergency food needs of some of the other non-profit groups whenever possible.

**Data on town of residence is only collected on clients using our main distribution centers. We do not collect specific data from emergency sites as these clients are not part of our regular program.

Interfaith Food Pantry Programs

Client Choice Program

- provides clients with emergency and supplemental food during time of need
- personal preference
- empowers clients to make decisions and restores integrity to the process of receiving food

Healthy Choices Program

- Provides nutrition counseling for prevention and/or management of diet related illnesses.
- dairy, lean proteins, low sodium options, gluten free foods, and fresh fruits and vegetables).
- ٠
- Instructs clients on how to prepare available foods in a nutritious manner. •
- Offers a series of nutrition and cooking workshops for children of clients and families.
- Provides screening for potential health risks, e.g., diabetes and hypertension.

Working Families Access Program

- Provides them with access to referral services and case management, nutrition programs and health screening.

Home Delivery Program

- them with volunteers who bring food to their homes.
- Attempts to meet dietary restrictions related to their medical needs wherever possible. •
- •

Community Awareness Program

- Educates the public about hunger and related issues and promotes volunteerism and advocacy.
- Provide public education about the IFP's mission, goals and need for community support. •
- Enables IFP to promote awareness about the program to those who may need assistance.

Family Self-Sufficiency Program

- programs, EITC, low cost child care options and prescription assistance programs.
- educational training opportunities, etc.

provides clients with access to a variety of food from each food group based on family size, dietary restrictions and

Provides access to a greater variety of nutritious foods that may not typically be available at food pantries (i.e., fresh

Increases fresh produce through our IFP Garden & by working with communities and groups to set up gardens for IFP.

• Provides low-income working families access after work on Tuesday and Wednesday evenings as well as Saturdays.

• Works to enable home-bound elderly, disabled and medically fragile clients to remain living independently by pairing

Allows opportunity for community involvement for those who are not available to volunteer during daytime hours.

• Enables easy referral to services such as medical and behavioral health care, eyeglasses, furniture, home energy assistance

Provides workshops through partnerships with other community programs on financial literacy, free or low cost

Youth Involvement Program

- Provides hunger-related educational and hands-on sessions for civic, scout, school and worship-based youth groups • through volunteer-conducted field trips and after school activities.
- Assists young people in developing their own hunger support activities off site. ٠
- Provides education about local hunger issues and the IFP's role in the community via presentations to schools, scouts, ٠ civic and worship-based youth groups at their facilities.

Advocacy Program

- Offers opportunities for community involvement through awareness of legislative impact on hunger and related issues. ٠
- Offers opportunities for families and individuals to participate in public awareness and activism campaigns such as the ٠ food stamp challenge, letter writing, brown bag buddies, etc.

Volunteer Program

- Provides opportunity for community involvement for individuals, families, civic groups, houses of worship and corporations.
- Allows members of the community to connect with their neighbors and become part of the solution. ٠
- Enables IFP to be cost-effective, using donated services to expand programs while keeping administrative costs low.
- Provides resources to IFP through fundraising programs and community-wide food drives. ٠

Thanksgiving and December Holidays and other projects such as "We've Got Your Back" school supply program

- Allows clients to provide their families with appropriate meals for the holidays.
- Provides opportunity for community-wide involvement via food drives and volunteer opportunities. ٠
- Helps families meet the needs of their children. ٠
